

Applications:

Provides precision flow control for pressure up to 400 Psi.

Specifications:

■	Body	Forged Brass, Stainless Steel
■	Gasket	Teflon
■	Connection	1/4"NPT Female x 1/4"NPT Female, 1/2" or other threads size available
■	Handle	ABS Red Plastic, Stainless Steel or Brass
■	Process Temperature	-9F to 212F (23C to 100C)
■	Maximum Operation Pressure	400Psi (2760 kPa)
